## HEALTH and SAFETY POLICY

The Health and safety of our staff, clients and visitors is of utmost importance to Techno. Each and every person employed by Techno must take personal interest and responsibility for Health and Safety in our workplace.

- If something looks dangerous, it probably is and something should be done about it.
- Do not put yourself or others in the way of harm, this will not be tolerated.
- Always wear your Goggles, Safety Boots and Earplugs when working in the Workshop, and full PPE (Personal Protective Equipment) when on site.
- Only handle material when wearing your Safety Boots and Gloves.
- If you are injured as a result of not wearing your equipment, you cannot expect right to compensation and will be disciplined accordingly.
- Everyone must accept and maintain their safety equipment.

**Our Health and Safety Representative** is:

**John Lurie**

*He has the authority to stop any action if deemed dangerous, and the duty to audit our safety levels on a regular basis and make recommendations. Please report any concerns or non conformances to him or your immediate supervisor.  
Please read the Occupational Health and Safety Act poster.*
